

# Moving AccountRight v19 to a new computer

From 14 January 2020, Microsoft will stop providing support and security updates for Windows 7 and Windows Server 2008 R2. If you use one of these Windows versions, we recommend updating as soon as possible.

MYOB will continue supporting our software on these operating systems until 31 March 2020. For more information, visit the community forum.

## ANSWER ID:11234

You can move AccountRight v19, your company file, and your customised templates to a new computer in a few easy steps. Using AccountRight 2019? [Your help is here.](#)

OK, let's step you through it.

1. Back up your company file

2. Install AccountRight on your new computer

3. Copy and restore the backup on your new computer

4. Copy your customised templates to the applicable folder
