

Preparing an activity statement

Do not delete this page - MYOB Practice navigates to it from within the product

Australia only

This page is about activity statements and forms the online compliance view. If you're preparing an FBT return, you'll need to create the return from the old view. Click **Back to the old system** to switch back to the old view.

You can lodge activity statements for your clients if you've [set up your tax agent details](#), and your [clients](#) appear in MYOB Practice.

Understanding activity statements

To create an activity statement

To delete an activity statement (BAS and IAS only)

Activity statement preparation tasks

- Compliance workflow and status
- Reviewing, validating and completing a return
- Sending an activity statement or a tax return for client review
- Lodging an activity statement or a tax return
